Mission

Ruth means “compassion.” **Harbor** means “a safe place.”

Purpose (why we exist) – *Homes where God’s love transforms lives.*

Mission (what we do) – *We provide a Christ-centered home and life skills coaching for mothers experiencing pregnancy or parenting young children.*

Vision (the results of the Lord’s work through us) – *We are a community where mothers discover a life of meaning, value, and acceptance for themselves and their children.*

Program

The focus of Ruth Harbor is the young moms and their children. It is an important alternative for pregnant young women who might otherwise not choose life for their child and for new moms who need additional assistance.

Your financial contribution will help provide the following for a Ruth Harbor resident:

- Housing and food;
- Loving support and supervision of House Parents (24 hours/7days a week);
- Spiritual guidance (conversations in both formal and informal settings);
- Professional counseling (addressing pregnancy AND many issues beyond);
- Individually tailored care plan (reviewed and revised as needed);
- Guidance through a maze of health care, insurance, and community support programs;
- Transportation (School, work, church, doctor appointments, job interviews);
- Life-skill training (menu and meal planning, laundry, housekeeping, etc.);
- Specialized training (financial, parenting classes, the adoption process);
- Individually designed after-care program (mentoring, host homes); and
- Referral and connection with other support programs and agencies that will increase their likelihood of success.

Results! Young women who engage in the Ruth Harbor program are:

- Changing their negative decision-making cycles;
- Rebuilding relationships with family and friends;
- Receiving quality healthcare for themselves and their child;
- Developing proper expectations regarding parenting and the courageous decision to place their child in a loving home through adoption;
- Making prayerful, educated choices about parenting or placing their baby;
- Getting on their feet financially;
- Establishing a healthier work ethic;
- Reestablishing their self-esteem and value in God's eyes as well as their own;
- Learning everyday skills (greeting others, respect, taking responsibility); and
- Continuing their relationship with us even after they become "alumna." They are requesting informal advice on everything from purchasing a car to the scary thought of dating again. They are blessing us with their comments and appreciation for life-change that has been identified with their stay here – life change that often includes a new relationship with God.
